**Kevin Cottrill** Chairman

2016 has been another successful year for AMIST Super, with all of our investment options delivering positive returns.

# Chairman's message

On behalf of the board of AMIST Super, I am pleased to present the 2016 annual report to members. 2016 has been another successful year for AMIST Super, with all of our investment options delivering positive returns. These results are made possible through close supervision of the investment vehicles we employ and are a reminder that superannuation is a long-term investment. Putting your money into a super fund like AMIST Super, where the focus is on member benefits, means that it will grow over time, providing for a more secure future in retirement.

Remember, AMIST Super is an industry fund that returns all its profits to members. While many of our competitors seek to maximise revenue and are often profit-driven, our primary focus has always simply been to look after our members.

As the leading meat industry superannuation fund in Australia, your Board seeks to tailor the services we provide to the needs of our members. In recent years, we have initiated a number of specialised services for the benefit of members, not the least of which was the introduction of our automatic insurance package that includes Life, Total & Permanent Disablement and Income Protection cover. Many members have taken advantage of the flexible insurance terms we have and applied to increase their cover. This may be something worth your consideration.

During the past year, AMIST Super has been recognised as a leading fund within the industry. For example, SuperRatings gave us gold awards for both AMIST Super and AMIST Pension and our Pension once again received the CANSTAR Five Star Award for Outstanding Value.

I would like to take this opportunity to thank my fellow directors and the management team here at AMIST Super for their efforts throughout the past year and to our members, I thank you for your continued support.

# CEO's message

We remain committed to ensuring members receive the best possible outcome for their investment dollar.

The financial results contained in this report once again demonstrate the soundness of our investment strategy. This strategy strives to support the financial future and security of our members and we remain committed to ensuring members receive the best possible outcome for their investment dollar.

During the year, we encouraged more members to register for MemberAccess, our online service that allows you to manage your super at anytime you like. With MemberAccess, you can view your account balance, switch investment options, make additional aftertax contributions, or simply update your contact details. If you're not registered for MemberAccess, simply call the AMIST Super Hotline and ask for a password.

As members will know, AMIST Super has six investment options offering various levels of potential return and risk. Members are invited to select an investment option, or a mixture of options, based on their own personal preference or circumstances.

To make this even more flexible, this year, we introduced weekly switching of options. Where previously members could only adjust their investments once each month, weekly switching now offers members a great deal more immediacy. And if you're registered for MemberAccess, you can make weekly switches online.

Remember, however, superannuation is a long-term investment and markets naturally rise and fall over time. When markets are down, there is the temptation to switch from a more volatile investment option to a safer one. But this may not always be the most sensible course of action. For members who may be unsure of which option is best for them, advice is available by calling our Hotline and asking to speak to one of our qualified financial planners.

Speaking of the Hotline, there's good news for members who also have money in other super funds. This year, rolling all of your super into the one fund became a much simpler process. You can now do it online, or just call our Hotline and they will do it all for you over the phone.

Finally, I would like to acknowledge and thank the AMIST Super team for their dedication and continued efforts. the Board for its invaluable guidance and our members for their ongoing support and loyalty.

## Investments

# How has my investment with AMIST Super performed?

The following tables show the crediting rates to members' accounts for the year ending 30 June 2016, and information regarding the long-term returns of the various investment options.

AMIST Super had six different investment options in which members could invest over the last year providing members with flexibility on the investment of their retirement savings. From 1 July 2013 members that had not chosen an investment option, or new members from that date that do not choose an investment option, had their account balance and future contributions invested in the AMIST MySuper Option. This option was available in addition to the five options that existed prior to 1 July 2013, and currently has the same asset allocation and investment objectives as the Balanced Option.

## **Asset Allocation**

The tables show each investment option's asset allocation. Please note that the assets of each investment option are invested identically for AMIST Super (Employer Sponsored Division), AMIST Super Personal Division and AMIST Pension.

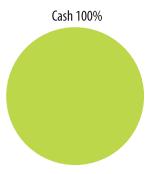

The objective of the Secure Option is to achieve a return that exceeds the Reserve Bank cash rate over rolling ten year periods. The Secure Option is invested in cash. The Trustee considers it highly unlikely that this option will produce a negative return.

## **Capital Stable**

The objective of the Capital Stable Option is to achieve a return that is at least 1% pa above inflation measured over rolling ten year periods. This option invests in a diversified range of assets with an emphasis on defensive rather than growth assets. It is estimated that the probability of a negative return is 0.8 out of every 20 years.

## Investments (continued)

## **MySuper and Balanced Options**

The Balanced Option was the default option up to 30 June 2013 in which a member's account balance and contributions are invested unless they select otherwise. From 1 July 2013 the default option is the AMIST MySuper Option which commenced from that date. The asset allocation and investment objectives of AMIST MySuper are identical to the Balanced Option; therefore the historic returns for the Balanced Option also apply for the MySuper Option.

The objective of the MySuper and Balanced Options is to achieve a return that is at least 2% pa above inflation measured over rolling ten year periods. The assets in the MySuper and Balanced Options are invested in a diversified mix of investments that include Australian and International shares, fixed interest and property. On average, this strategy may produce a negative return in 3.5 out of every 20 years.

#### **AMIST Super Annual Report**

The AMIST Super Trustee has an Investment Policy Statement (IPS) that details the policies adopted by the Trustee in investing the fund's assets. The IPS details the Trustee's approach to investing including: the asset classes each investment option can invest in; the characteristics of each investment option; rebalancing; the use of derivatives; policies on voting of shares and on lending stocks; benchmarks used; and the policy relating to the Allocation of Earnings.

The IPS is available to members on request.

The Trustee generally does not take into account labour standards or environmental, social or ethical considerations for the purposes of selecting, retaining or realising an investment. The primary focus of the investment managers is on economic and financial outcomes. However from time to time, labour standards and environmental, social or ethical considerations may be taken into account where the Trustee becomes aware that such standards or considerations may have a material influence on the financial value of an underlying investment.

# Investments that exceed 5% of the fund's assets

The Trustee is required to disclose whether any individual investment (such as shares in a company) exceeds 5% of the fund's assets. At 30 June 2016, there were no individual investments that exceeded 5%.

### Derivatives

Investment Managers engaged to invest the assets of AMIST Super, in general, are permitted to use derivatives for hedging purposes only. However, certain investment managers may use derivatives as a means to implement an investment strategy.

## Investments (continued)

The Trustee has traditionally maintained reserves.

From 1 July 2013 the Trustee is required by law to hold funds in an "Operational Risk Financial Reserve" which is maintained to cover the costs to members of an event that might occur (other than fluctuation in asset values as a result of investment performance) which has a financial impact on the Fund. The circumstances in which the Operational Risk Financial Reserve can be used is limited; for example the Trustee could not call upon the Operational Risk Financial Reserve to meet general operating costs.

The Trustee has determined that the Operational Risk Financial Reserve will be maintained at a level of 0.34% of the Fund's assets.

The Trustee also maintains an Income Protection Insurance Reserve, and a General Reserve.

The amount of reserves held over the last five years was:

# How are earnings applied to members' accounts?

#### **Interim Crediting Rate**

The Trustee declares the Final Crediting Rates for the year ending 30 June after the end of each financial year. The final rates are based on audited tax statements from investment managers who manage the assets of the fund. At this time earnings are applied to all member accounts for the year ending 30 June.

If you leave the fund or switch between investment options prior to the declaration of the Final Crediting Rates, earnings are applied to your account using Interim Crediting Rates.

#### How are Interim Crediting Rates determined?

At the end of each week the Fund's custodian provides a net valuation of the assets of each investment option at the close of business from the preceding Tuesday. The net valuation is the value of the assets invested in each option (in accordance with pre defined methods of valuing the assets), minus an allowance for taxation and fees.

The fluctuation in the value of the assets held for each investment option is used to determine the rate at which earnings (which may be positive or negative) are applied to members' accounts.

For example, if the net value of assets held in the MySuper Option increases from one week to the next by 1.5%, then any amount invested in the MySuper Option will have earnings applied for that week at the rate of 1.5%. Similarly, if the value of the assets decreases by 1.5% then a crediting rate of minus 1.5% would be applied (meaning that the value of the balance and contributions invested in the MySuper Option would decrease by 1.5%).

# Investments (continued)

#### How are earnings applied where Interim Crediting Rates are used?

If you switch your account balance between investment options, switch between divisions of the fund (i.e. transfer part of your balance to the AMIST Pension), or receive a full or partial benefit payment, earnings are applied using the Weekly Interim Crediting Rates available at that time. If the current week's rate is not available then the previous week's rate will apply.

#### **Final Crediting Rate**

After 30 June each year, AMIST Super receives audited investment statements that contain the final after tax and fees return for each investment option. Following receipt of that information, the Trustee determines the final crediting rate for each investment option. Investment earnings are then allocated to the accounts of all fund members for the previous year ending 30 June.

Member Statements and the AMIST Super website show the Final Monthly Crediting rates for each investment option for each financial year.

# Fees and costs for AMIST Super

The following information is provided in a format prescribed by the Australian Securities and Investments Commission (ASIC). This format has been developed, and is required to be used by all providers of financial products to allow you to make a direct comparison between AMIST Super and other superannuation funds that you may be eligible to invest with.

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your account, from the returns on your investment or from the fund assets as a whole.

Taxes and insurance costs are set out in another part of this document. You should read all the information about fees and costs because it is important to understand their impact on your investment. Investment Management Fees for particular investment options are set out on page 18.

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the fund assets as a whole.

There may also be deductions from members' accounts for life insurance and/or income protection insurance premiums (both insurances are offered to members as a default, but may be cancelled at any time). Full details of insurance cover offered by AMIST Super and premiums payable appear in the AMIST Super *Insurance Guides* for the Employer Sponsored Division and Personal Division. Taxation is deducted from members' accounts where applicable. Selfemployed members may be entitled to apply for a tax rebate. Please refer to the AMIST Super *Taxation* Fact Sheet.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees and costs for particular investment options are set out in the table on the next page.

Management costs other than the Administration fee are expressed as a percentage and are referred to as "Indirect costs". Indirect costs for AMIST Super are based on the cost of investing the assets of each investment option divided by the total assets of the fund, plus the expense recovery fee (currently 0.07% of assets) which is used to cover the operating costs of the Fund. These fees are passed on to members by way of adjusting the return for each of the investment options to take into account the payment of these fees. Indirect costs are not deducted directly from members' accounts.

Details of the estimated ICR attributed to an individual member appears on their 30 June Member Statement.

# Fees and costs for AMIST Super (continued)

## **Investment Management Fees**

The Investment Management Fees (IMF) are charged to AMIST Super by investment managers for investing the assets of the fund. These fees vary depending on the type of investment. Some of the investments of the Capital Stable, MySuper, Balanced, Growth and High Growth Options also have Performance-Based Fees, where the investment manager receives a bonus if the investment return exceeds certain targets. The table below shows the average fee for each investment option for the year 2015/2016.

#### Example of annual fees and costs for the MySuper Option

This table gives an example of how the fees and costs in the MySuper Option for this product can affect your superannuation investment over a one-year period. You should use this table to compare this product with other superannuation products. The MySuper Option is the default option (from 1 July 2013) for members that have not advised the Fund how they wish their assets to be invested.

| Example – MySuper Option<br>Based on an Account Balance of \$50,000 and Annual Contributions of \$5,000 |  |   |
|---|--|---|

The investment fees and indirect costs are based on the costs for the most recent financial year (ending 30 June 2016). These may change each year following the finalisation of the end of year accounts.

## **Explanation of Fees and Costs**

#### Fee changes

AMIST Super reserves the right to change the fees charged at any time. You will be notified of any change at least 30 days prior to that change taking effect.

#### **Dishonour Fee**

If you make personal contributions to AMIST Super via Automatic Bank Transfer (Direct Debit), and your financial institution dishonours the transaction, any fees charged to AMIST Super as a result of that dishonour are deducted from your member account. You will be advised of this in writing.

#### Family Law Fee

If you or your spouse request detail of your entitlements for Family Law Purposes, or your member balance is to be split between you and your spouse, additional fees apply. These fees are detailed in the table appearing on page 16.

#### Indemnity insurance

The fund pays for trustee indemnity insurance to protect the fund and the Trustee, Directors and employees against the financial effects of any mistake that might occur in running the fund. This insurance may not cover penalties or fines for breaches of the Superannuation Industry (Supervision) Act 1993 [SIS] or other governing legislation.

#### **Unpaid contributions**

Employers participating in AMIST are required to remit contributions on your behalf on either a monthly or quarterly basis. Where an employer does not pay the contributions on time, AMIST will contact the employer to advise them that the contributions are outstanding. The Trustee has employed a collection company, Industry Funds Credit Control (IFCC) to manage the process where AMIST is unable to obtain payment from an employer.

# Your Trustees

Your Trustee comprises of a company called Australian Meat Industry Superannuation Pty Limited (ABN 25 002 981 919), which is responsible for running AMIST Super.

The Trustee Board comprises three employer nominated and three member-elected representatives. The fund members elect member representatives every five years while the Australian Meat Industry Council nominates the employer representatives.

There are strict rules governing the election of member representatives. The last election for Member Representative Directors was held in December 2014. Following the election the Member Representative Directors listed on this page were elected effective from 13 January 2015.

The next election (if the number of nominees exceed the positions available) is due to be held in December 2019.

The elected member representatives are:

- Geoff Yarham
- Keith Haslem
- Frank Raeside

The nominated employer representatives are:

- Kevin Cottrill of Australian Meat Industry Council.
- Gary Hardwick of Hardwick's Meat Works Pty Ltd.
- Gary Teys of Teys Bros Pty Ltd.

Directors meet on a regular basis to discuss investment strategy, government legislative changes to superannuation rules, new product developments and other matters.

AMIST Super also holds Australian Financial Services Licence No. 238829.

James Thomas and Jack Sullivan are the Responsible Managers under the Licence, which allows representatives of AMIST Super to give general advice about superannuation and product specific advice about AMIST Super.

The Trustee has engaged Link Advice (formerly called Money Solutions) to provide members with simple single issue advice at no additional cost. Members may also obtain full financial planning services from Link Advice; members are required to pay the cost of obtaining a full financial plan, however where the plan relates to their superannuation they may elect to have the cost deducted from their member account.

Please note that no representative of AMIST Super is authorised to give personal financial advice. The AMIST Super Trustee also holds Registrable Superannuation Entity Licence (RSEL) Number L0000895 and the Fund Registration (RSER) Number R1001778.

\* calls from mobile phones will incur costs charged by the caller's service provider. Calls from overseas are not toll free and you will be responsible for any costs incurred.

In the unlikely event that your matter is not resolved to your satisfaction, you can submit a complaint in writing to:

#### AMIST Complaints Officer Locked Bag 5390 Parramatta NSW 2124

AMIST Super will always attempt to provide you with a response within 30 days. A more complex enquiry or complaint can take up to 90 days. If you are not satisfied with the way we handle your complaint or with the information you receive, you may refer your complaint to the Superannuation Complaints Tribunal (SCT). You can contact the SCT on 1300 884 114 (or+61 3 8635 5580 if calling from overseas), by e-mail info@sct.gov.au or visit their website at www.sct.gov.au.

Please note that your complaint <u>must</u> be dealt with by the AMIST Super internal complaints process prior to being escalated to the SCT. This SCT is an independent body set up by the Government to assist fund members and beneficiaries to resolve superannuation complaints. There is no cost charged by the SCT in dealing with your complaint. Any determination made by the SCT regarding a complaint is binding on the Trustee and the complainant. Both parties however, have the right of appeal to the Federal Court. If you wish to contact the Trustee of AMIST Super directly, you can contact them at:

or

AMIST CEO fax: 02 9230 1111 e-mail: service@amist.com.au

# Obtaining copies of documents

If you would like a copy of documents relating to AMIST's operations, such as the Trust Deed, the audited accounts or the auditor's report, please write to the Administrator at the above address. You may also request copies of other documents, such as AMIST's Investment Policy Statement, rules for the election of member elected trustee directors and enquiry and complaints procedures.

# Member Statements

As of 1 December 2016, AMIST Super members who have registered for the online account facility, MemberAccess, will be automatically opted in to receive their member statement online, rather than receive a paper statement in the mail. Members can opt out anytime within MemberAccess by changing their communication preferences. Communication preferences are listed in the "Personal details" page once logged in.

# Superannuation changes

# Updating the 'un-contactable' definition for lost member accounts

Updating the 'un-contactable' definition for lost member accounts

This change proposes that modern communications methods (e.g. Emails) be recognised in determining if a member is uncontactable, and is intended to better define the true stock of un-contactable members.

The regulation was registered on 26 February 2016 and the start date for the change was 1 July 2016.

# Allow proactive Eligible Rollover Fund (ERF) consolidation

This change proposes to enable the licensee of an ERF to reunite ERF balances with an active account in another registrable superannuation entity, without consent of the member.

The Regulation was registered on 9 May 2016 and it commenced on 10 May 2016.

# Small lost member account threshold increases

The 2013–14 Budget announced the government's intention to increase the balance threshold for transferral of Unclaimed Super Monies to the ATO. It is proposed to incrementally increase the current threshold of \$4000 from 31 December 2015, and to a threshold of \$6000 from 31 December 2016.

The start date for this measure was 31 December 2015.
