YOUR DUTY TO TAKE REASONABLE CARE

When you apply for insurance through Australian Food Super, the insurer conducts a process called underwriting. It's how they decide whether they can cover you, and if so, on what terms and at what cost.

You may be asked questions the insurer needs to know the answers to. These will be about your personal circumstances, such as your health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance. The information you provide in response to these questions is vital to the insurer's decision.

When answering questions as part of your application, you have a legal duty to take reasonable care not to make a misrepresentation to the insurer. A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth. This duty applies to initial applications for insurance cover and also applies when increasing or making changes to existing insurance, and to reinstating insurance.

If you do not meet your duty

If you do not meet your legal duty, this can have serious impacts on your insurance. There are different remedies that may be available to the insurer. These are set out in the Insurance Contracts Act 1984 (Cth). These are intended to put the insurer in the position they would have been in if the duty had been met. Your cover could be avoided (treated as if it never existed), or its terms may be varied. This may also result in a claim being declined or a benefit being reduced. Please note that there may be circumstances where the insurer later investigates whether the information given to them was true. For example, they may do this when a claim is made. Before the insurer exercises any of these remedies, they will explain their reasons and what you can do if you disagree.

Guidance for answering questions

You are responsible for the information provided when you apply for insurance. When answering the questions, please:

- think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us or the insurer before you respond.
- answer every question.
- answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it.
- review your application carefully before it is submitted. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections) before the application is submitted.

Changes before your cover starts

Before your cover starts, we or the insurer may ask about any changes that mean you would now answer any of the questions differently. As any changes might require further assessment or investigation, it could save time if you let us or the insurer know about any changes when they happen.

If you need help

It's important that you understand this information and the questions we and the insurer ask. Ask us, the insurer, or a person you trust, such as your adviser, for help if you have difficulty understanding the process of applying for insurance or answering the questions. If you're having difficulty due to a disability, understanding English or for any other reason, we're here to help and can provide additional support for anyone who might need it.

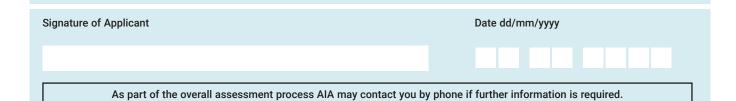

Notifying the insurer

If, after the cover starts, you think you may not have met your duty, please contact us or the insurer immediately and we'll let you know whether it has any impact on the cover.
