EMPLOYERPAY

Payday Super compliant clearing house, simplifying employee onboarding.

For more than 40 years, Australian Food Super has supported regional and food-industry employers to make superannuation payments on behalf of hardworking Australians. Our heritage as a super fund dedicated to Australia's meat industry and food supply chain means we are ready to partner with you and help you be Payday Super compliant.

We've introduced EmployerPay, Australian Food Super's Payday Super solution. Simple, compliant super payments for your employees, delivered through our secure payment platform powered by SuperChoice, and at no cost to you.

How does onboarding work with EmployerPay?

Using EmployerPay, our secure payment platform, you can onboard new staff, digitising the capture of essential employee information, and make Payday Super compliant payments on their behalf.

Step 1	Step 2	Step 3
EMPLOYER adds new employee	New EMPLOYEE	EMPLOYER
triggers an email to new employee with a link to the onboarding tool	• confirms and completes personal details • confirms TFN • nominates bank details for salary • chooses super fund.	receives notification that the onboarding is complete, collects the new employee data, and is now ready to make super payments.
